**COMPUTER REPLAY:**

SwingScan will retain the results of your last 65 practice swings in memory. After practice, you can connect the SwingScan to your personal computer and display a swing table with detailed data and averages for evaluation and printout. Especially useful when comparing performance of different clubs. A laptop computer can also be connected to SwingScan to view swing table results while you practice.

## AVAILABLE ACCESSORIES

\$ 170 + S&H

### STANDING MAT

**This artificial turf mat measures 5' X 4' X 1.25" with a 1' X 2' cutout for the analyzer. Can be used right or left handed. The mat will allow you to swing with your feet at about the same height as the analyzer and it also protects the analyzer from serious damage by very bad swings. We highly recommend it for permanent home installations.**

### NET CAGE

**An indoor/outdoor net cage with a free standing frame. Measures 9'H x 6'W top, 12' W bottom x 7' Deep. Will stop full shots with regulation golf balls. A full-size 9 1/2' H x 10' W x 10' D net cage is also available for \$560 + \$40 S&H.**
